MEMORANDUM FOR: Colonel L. K. White
Deputy Director (Support)

General Doolittle advised that he had been assigned, by the President's Board of Consultants (Killian Board), the task of looking into the security problems of the Agency and other intelligence organizations. To aid him in doing this, he wanted us to prepare a memorandum covering CIA security organization & procedures, as well as the nature and extent of our contacts on security matters with other intelligence agencies.

I suggest that you start preparing this memorandum and coordinate with Mr. Kirkpatrick upon his return.

(Signed)

Allen W. Dulles
